DEMAND APOLOGY

And Immediate Compensation

RUSSIA MUST DESIST AT ONCE

Great Britain at Last Fully Aroused
Over the Sinking of Another British Steamer. Czar's Obstinacy may cause further Trouble with Great Britain

OCCUPY NEW CHWANG.

Tien Tsin, July 26.—Lloyd's agent at New Chwang wires that fifty Japanese cavalrymen have entered New Chwang.

The French flag is flying from all Russian buildings. The town is quiet.

AN OPPORTUNITY FOR TROUBLE.

Hong Kong, July 26.—It is reported that the British battleship Ocean and three destroyers are about to leave Hong Kong and proceed to Yokohama to protect British shipping from the Russian Vladivostok squadron.

TWO THOUSAND RUSSIANS LOST.

Paris, July 26.—The Paris-St. Petersburg correspondent of the Echo de Paris, learns that Kuropatkin telegraphed today that Gen. Oku had occupied Tushi Chao, the Russians having retreated. The Russians lost two thousand men in defending the position.

JAPS MEET WITH REPULSE AND LOSS.

Mukden, July 26.—The latest reports received here are to the effect that the Russians with about one hundred guns in action, in the Ta Tehe Kiao engagement inflicted serious losses on the Japanese and destroyed many of their guns.

The Japanese attack on the centre of the Russian position was repulsed but the Russians were ordered to retire yesterday and occupy the heights five miles north of Ta Tehe Kiao. This movement was carried out in good order.

CZAR'S OBSTINACY MAY CAUSE A GREAT WAR.

Berlin, July 26.—A dispatch from St. Petersburg states that a deadlock exists in Russian official circles as to the status of the volunteer fleet. The ministers are desirous of settling the affair according to the British and German view, but the Czar declines.

His Majesty wants to maintain the right of the fleet to search vessels even if the Russians did pass through the Dardanelles before declaring their status. If his desires are carried out grave consequences are feared.

RUSSIA DELIBERATELY SINKS BRITISH VESSEL.

London, July 27.—The British government is taking energetic action in the case of the sinking of the British steamer Knight Commander by the Vladivostok squadron. All information received by the government tends to establish in the official minds the belief that an outrage has been committed for which no excuse exists in international law.

NO GROUNDS FOR DESTROYING VESSEL.

Those aware of the feelings of the ministry said tonight that all the members of the cabinet are in accord regarding the principle of the inviolability of innocent neutral shipping, as well as upon the principle that a neutral ship cannot be destroyed, even if carrying contraband of war.

APOLOGY AND COMPENSATION DEMANDED.

The demand which will be made upon the Russian government will include compensation to the owners of the ship and to the owners of the goods on board the Knight Commander; an apology for the action of the Russian cruisers and an agreement that instructions be given which will prevent a repetition of such actions.

BRITISH PUBLIC OPINION AT FEVER HEAT.

British ship owners are up in arms over the dangers which shipping is now running and are bombarding the government with representations looking to the thorough protection of their interests. The newspapers this morning counsel patience, especially as the Russian government must have much to contend with.

A majority of the morning papers, however, print editorials in angry strain on the further reported seizures by the Russians and the delay in the release of the Malacca.

Lessons From the Exhibition

The Farmer's Advocate, contains the following report of Edmonton's Industrial Exhibition. Here and there the writer suggests improvements for the consideration of the Association:—

The Edmonton Industrial Exhibition Association held its fourth annual summer fair on June 30th and July 1st and 2nd. It proved a success from commencement to finish, being the "Banner One" in the town's history.

The live stock entries were 30 per cent. larger than last year, and the quality of these exhibits good. Ideal weather during the entire three days added to the enjoyment of the pleasure-seekers, and assisted the management in making the primary object of the fair, the educational feature, stronger than it otherwise could have been. The fair board had worked hard to make the show a success, and succeeded beyond their highest expectations.

The attendance broke all records. Nearly 10,000 people passed the gates on Friday, the "big day" of the fair. On the opening day, Thursday, about 7,000 sight-seers enjoyed the sports and viewed the stock judging. On the last day fully 8,000 attended.

The fireworks were exceedingly good; much better than a town of Edmonton's size would be expected to have. One evening five illuminated balloons were part of the display, one of which, after soaring a considerable height, gracefully descended into the broad Saskatchewan, and floated down stream in "full bloom," a beautiful but uncommon sight. The bombardment of Alexandria, which brought the fireworks to a close, was grand, surpassing expectations.

Although the directors have just reason to feel proud and exultant over the success of the show, there is still a few places where slight improvements could be made, and it is with the desire of throwing out suggestions which if followed, will increase the usefulness of some of the strongest features of the fair and establish them in a higher plane and more secure footing, that we call attention to the lack of arrangement in calling out live stock classes, especially the horses.

A ring was prepared for cattle-judging, which gave good satisfaction. Another in a suitable place, for judging horses, would be a decided improvement. When animals are not to be judged in the order of printed catalogue, whatever changes are to be made should be clearly stated, so that exhibitors may not be uncertain for a long time as to when their animals are to be judged.

The plan adopted at Edmonton was to judge all driving or harness horses in the forenoon of the first day, thus allowing the use of the race track, whereas during the afternoon it would be required for racing. The plan is a very good one, provided, as we said before, that exhibitors had understood in what order driving and harness sections would be judged. This was not done, hence considerable confusion and dissatisfaction.

A live stock judging competition, open to farmers or breeders twenty-five years of age, or under, butchers excluded, was an instructive and interesting part of the proceedings.

The hall and grain exhibits were strikingly good. A very fine display of grasses and wheat grains, some of last year's growth, and part of this year's, helped materially to show the agricultural resources of the Edmonton district. Thos. Daly, Clover Bar, again won the diploma for best grain exhibit. This is the fourth consecutive year in which he has secured this worthy award at Edmonton.

A display of mineral products from the Edmonton iron and coal mines helped give visitors some idea of the mineral richness of the district.

The showing was good, both in numbers and quality. Aged heavy draft stallions, registered, was the strongest draft class. This ring caused the judge Dr. Reid, of Georgetown, Ont., to make the remark after placing the ribbons that there is but the toes of a copper between the two winning horses. There were only two prizes in each horse section, and in this case Shires and Clydesdales contested, the decision being in favor of Brilliant-6478, a black horse, owned by the Spruce Grove Shire Horse Association, of which Dan Brox is secretary. Brilliant is an excellent type of Shire, of the thick, deep-bodied make. He has a finely arched, massive neck; strong, sloping shoulders; is well ribbed and short coupled. The quality of his bone is also good but he has not the quantity of his least fortunate rival, Godolphin (Imp.).

Godolphin is a dark-brown horse, bred by the Duke of Leeds. Beda's, Scot. Shire MacGregor, dam Bank's Treasure. Godolphin is owned by the Stoney Plain Clydesdale Association. This horse is not so large as the Shire, nor is he in as high condition. He is a very muscular horse, with splendid limbs and a smoothly-turned, well-proportioned body. With a fair

share of the onlookers he was the favorite. Another good one which had to go unplaced was 'Mansfield'.

There was only one two-year-old shown, quite a promising young horse owned by W. Clarke. The only other registered drafters, were a pair of Clydesdale mares owned by G. T. Fraser, Edmonton.

Heavy draft teams, not registered, were next called, and four very good pairs faced the judge, first money going to R. H. Davidson's span of fine black geldings, while the iron greys owned by the Dowling Milling Co. got second.

Mares over 14 cwt. with foal, brought out three, G. H. Cresswell winning first, with a thick, heavy-bodied mare, and Dan Brox second.

Brood mare, any age, with or without foal, was next in order, and Dan Brox had the only entry, an exceptionally fine mare of good draft type.

General Purpose.—Five teams in harness now looked for places. Albert Kilis entry, a good, serviceable pair won the red ribbon; a very smooth, though smaller team, owned by J. Sellars, got the blue. There also was a prize for single mare or gelding in harness, which Geo. Hulton won with an extra fine mare. Brood mare with foal by side brought out five, T. A. Tingley winning first (also special for best general purpose team on grounds) D. B. Wilson got second placing in brood mare section, with a good, useful animal. In two-year-olds, H. Kuhl was first, and Jas. P. Sears second.

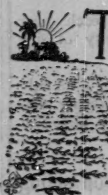

These were of very different type, the first winner being of fair size and extra quality, while the second was of much more upstanding make. Foals brought out seven, a very strong class. Geo. Cresswell's entry winning first, and R. June's second. The Sturgeon River Horse Co. offered a special prize for the best foal sired by Admiral Dewey. Geo. Cresswell's foal also won this.

Carriage Horses.—There was only one stallion shown in this class. He is of good size and breeding, owned by Kennedy & Killops, St. Albert. Best team, not under 16 hands, brought out a fine pair of blacks, half-brothers, sired by a German Coach. They are owned by R. Hainstock, Olds. Best single driver of same height was shown by J. H. Llop; Dr. Braithwaite's entry taking second place.

The only Hackney on the grounds was Blackfoot, owned by J. H. Thompson, Calgary. He is a Robin-Adair horse, a full brother to Saxon, winner of first at Toronto.

Roadsters.—In road stallions, J. E. Reid, of Edmonton, showed a very promising two-year-old, full of quality and promise, and has won many prizes. He is named "Brown Spot," and was sired by Xander. There were several

CURING THE FILLER

THE Pharaoh filler I select in Manicaragua—Province of Santa Clara, Cuba, is generally harvested in February.

The plants are cut down at daybreak—allowed to remain until eleven o'clock in the morning—until they are properly wilted—then taken to curing houses for drying.

After they are thoroughly dried they are allowed to become moist through atmospheric humidity and then made into "hands." Four of these hands constitute a carat, eighty carats make a bale.

After allowing it to age for three full years, in order to develop its superb fragrance and aroma, I make it up into "Pharaoh."

That's why there is a taste and odor of genuine tobacco in my Pharaoh Cigar.

PARLIAMENT

Ottawa Correspondence:

The Transcontinental Railway Bill is Law

The event of yesterday was the giving of the royal assent to the Transcontinental Railway Bill. The session is not yet at an end, but it became necessary to secure the royal assent to the interim Supply Bill introduced a day or two ago to meet the requirements of the public service which have accrued and are accruing since the first of July. The Governor General, Lord Minto, was not in the city, but Mr. Justice Sedgewick, Deputy Governor, acted in his stead. A large number of other bills, including that incorporating the Grand Trunk Pacific Railway Company, were also assented to.

Want Dearer Tobacco

In the House proceedings the greater part of the day was occupied by debate on a resolution moved by Mr. Monk, French leader of the opposition, declaring want of confidence in the government because it had not given sufficient encouragement by way of protective duties to the growth of Canadian tobacco. It will be remembered by those who have followed Canadian politics closely, that one of the important attacks made upon the government's policy has always been that it had increased the duties on tobacco. So much was this a policy of the Conservative party that in the campaign leaflets issued by that party during the present session one is devoted to an attack upon the government for having increased the tobacco duties; and yet here was the deputy leader of the opposition attacking the government in parliament because it had not increased those duties enough.

Double Dealing and Lack of Interest

The motion, considered in conjunction with the party's campaign literature, was an evidence of double-dealing with the electorate such as is seldom furnished, and the number voting for it is an evidence of the manner in which His Majesty's loyal opposition in Parliament takes part in the affairs of the country. This motion, it will be noted, was a motion of want of confidence. It was proposed by the first lieutenant of the opposition party. It was, therefore, in order that party to be in force to support it on the vote; but only nineteen members out of a party of between sixty and seventy were present in the House to record their votes.

Attendance by Members of Opposition and Government

The Bulletin has from time to time alleged that the opposition party have transacted their parliamentary duties during this and last sessions by deputing a handful of members to obstruct the business of the country. The record vote on this motion is ample proof of the truth of the statements. On this particular occasion the vote was 50 to 19, a government majority of over 2-1-2 to 1, showing what has been also stated, that the government side is always present in larger force proportionately than that of the opposition. It is a necessity of the case that the government shall always have the support of a major-

ity of the members present, therefore a comparatively large force of the government members must always be present, while on the opposition side numbers are not so important as talkativeness. Under the privilege of parliament, two or three members of the opposition can obstruct business interminably by continuing discussion, and especially in committee of the whole and this is the privilege which has been so greatly abused.

Indian Estimates

The Indian estimates of the Department of Interior were taken up and disposed of during the sitting. An impression is current that the House will prorogue on July 30th, or if not then, certainly in the following week.

July 20th.

GOVERNMENT AID TO HORSE BREEDING

In the year 1900 the Department of Agriculture and Technical Instruction for Ireland devised a scheme for encouraging improvement in the breed of live stock, particularly of horses and cattle, in that country. An outline of the Irish system may be of interest to Canadian horsemen, who have for some time been discussing the problem of obtaining for service throughout the country a sufficient number of sound, well-bred stallions of the most profitable types.

In formulating their live stock schemes, the department's main object was to promote improvement in the breeds of the country by encouraging private enterprise in the breeding of pure-bred animals, and in the introduction of new sires, and to do this in such a way that the accompanying advantages should be principally secured for the smaller farmers. Since interests of national importance were at stake—such, for example, as the maintenance of the high reputation of Irish horses, the improvement of the feeding qualities of the store cattle, and the milking properties of dairy cows—and as these interests required that the stock of the country should be considered as a whole, and should not, in public schemes for its improvement be attacked by the introduction of strains likely to have injurious general effects on the national breeds, it was necessary that these schemes should contain certain principles of uniform application to the whole country. It was, therefore, necessary that the live stock schemes should emanate from the central authority, while, in particular, they might be modified in accordance with local opinions and circumstances. In order to have the assistance of the most representative expert opinion in Ireland in the formulation of these schemes, the government appointed two special advisory committees—one for horses, and the other for cattle, sheep and swine.

The horse breeding scheme as outlined by the advisory committee and approved by the Agricultural Board, provided for the registration of suitable and sound thoroughbred and agricultural sires, and the selection of a number of the best brood mares in each county to be served by these sires. The owner of a registered stallion, is entitled, under the scheme, to a fee of £3 for each selected mare put to his stallion. The mares selected were the property of persons deriving their means of living from farming, whose valuation did not exceed in the poorer counties £150, and in the more wealthy counties, £200. The first year 410 stallions were offered for registration, of which 298 were thoroughbred and 112 of agricultural type. From the first it was deemed advisable to spare no pains in making a searching examination of the stallions offered for registration, and, accordingly, before any of the stallions offered under the scheme were accepted, the department's inspectors had to certify, (1) as to suitability, and (2) as to the soundness of the animal. A register was published in March, 1901, which contained the names and pedigrees of 97 thoroughbred and 31 agricultural stallions that had been accepted. Upwards of 1800 free nomination tickets of £3 each were offered at 150 shows of mares held during March and April, and nearly 1700 of these tickets were issued.

In addition to subsidising stallions by means of £3 nominations to mares, the department offered in a few counties, where there was an insufficient number of stallions for the purposes of the scheme, premiums varying from £50 to £100.

In order to encourage farmers of small means to provide themselves with a registered stallion, a sum of money was allotted by the department for the purpose of granting loans for the purchase of approved sires. The money was lent at 2-1-2 per cent interest, payable in five annual instalments. It was a condition

precedent to these loans that the animal should be insured for its full market value.

As a further means of encouraging improvement in stock breeding, the department adopted the principle of awarding premiums and prizes to female stock. The advisory committee on horse breeding pointed out that that industry in Ireland is, to a great extent, injured by young mares being sold out of the country, thus leaving only second class animals for breeding purposes, and the department adopted their recommendation that the prizes and premiums should be mainly confined to young mares from two to six years old, served by a registered sire, in the hope that the farmers would thereby be induced to retain these mares.

War Notes

London, July 23.—The morning papers generally express satisfaction that the Malacca incident has been settled in accordance with the demands of Great Britain, though there is an inclination to wait the settlement of the broader question of the passage through the Dardanelles of the volunteer fleet steamers before believing that all danger has been avoided. This feeling is heightened by Premier Balfour's announcement on the adjournment of the House of Commons that he still had no official news to communicate, either in connection with the Malacca incident or with volunteer fleet steamers in general.

Some papers are even inclined to doubt the authenticity of the news that the Malacca incident has been settled, but the Daily Telegraph semi-officially explains the apparent contradiction existing between Mr. Balfour's statement and the telegrams from St. Petersburg. "Two dispatches left the foreign office July 21," says the Daily Telegraph; "one has elicited a favorable reply, but the other has not yet been answered. The promise that no similar incident shall occur again is very vague and elastic. It may mean that no British vessel shall in the future be seized, the papers of which are regular, and the cargo carried by which belongs to His Majesty's government. That is not much of a concession, seeing that our fleet has instructions to prevent another such outrage."

The paper fears that the Russian government has not yet agreed to desist from metaphorizing the volunteer fleet steamers into cruisers after the passage of the Dardanelles and says: "We welcome the action regarding the Malacca as proof that the Russian government has no idea of gratuitously picking a quarrel with us. This is good as far as it goes."

The Daily Telegraph confirms the statement that Emperor Nicholas was urged by the French government to settle the case of the Malacca, which settlement it attributes to French action, adding that "it is rumored in diplomatic circles that Germany wishes to co-operate with Great Britain in the settlement of the disputes." It presently held out to the government that popular opinion in Great Britain would not admit such partnership, and adds an interesting detail to the heat of the controversy of the last few days by positively stating that if the Malacca had approached the Dardanelles "she would have been summoned to surrender by our gunboat waiting there, and if she had not complied she would have been fired upon."

The Daily News says it believes that the government is resolved that no more Russian warships, however carefully disguised, shall pass the Bosphorus, the outlet of which a portion of the Mediterranean fleet will carefully guard.

The Times says: "Although there is good reason to hope that we have advanced a stage towards a satisfactory solution of the grave situation brought about by the seizure of the Malacca, we cannot consent to any arrangement which would cut the ground from under our feet. It is the status of the St. Petersburg that we contest, and we take our stand, not on some insupportable point of international law, but on the plain text of the treaties and conventions which govern the passage of the Dardanelles." The Times draws attention to serious complications of a similar kind which are liable to occur in the Pacific, instancing the Pacific Mail Steamship Company's apprehensions on this point. The marine insurance article of the Times says that greater anxiety existed in London yesterday over cargoes for China and Japan than ever before, especially with regard to the American steamship Shawmut. "It is most important," the article says, "that the Americans and ourselves should strongly object to any attempt to treat provisions destined for ordinary civilian consumption as contraband of war."

The correspondent of the Times at Constantinople says, "It is hoped and even expected here that Great Britain with or without the co-operation of other powers, will henceforth refuse to allow any vessels of the volunteer fleet to pass the Dardanelles."

Port Said, July 23.—The Peninsular and Oriental company's steamer Ceylon, homeward-bound from Yokohama and Peking, has arrived here. She reports that the cruiser St. Petersburg, of the Russian volunteer squadron signalled her July 18th when 20 hours from Suez, asking her where she was from and where she was bound, after which the Ceylon was allowed to proceed. The St. Petersburg at that time was conveying a German merchant ship.

burg, of the Russian volunteer squadron signalled her July 18th when 20 hours from Suez, asking her where she was from and where she was bound, after which the Ceylon was allowed to proceed. The St. Petersburg at that time was conveying a German merchant ship.

MCLEAN'S MOTIONS

BADLY DEFEATED

Motions Forced on Parliament at
Wrong Time. Grain Inspection
Acts will be Printed

Bulletin Special Dispatch.

Ottawa, July 26th.—McLean's motions for the control of express companies by the Railway Commission, for a railway passenger rate granted according to earnings, and for the admission of telephones to railway stations without damage to the Bell Company were defeated by large majority.

Borden opposed the first two and was not present to vote on the third. The Minister of Justice agreed with the purpose of the telephone motion, but urged that no account be taken until reference to the supreme court had been decided.

Lord Dunsford left for England this evening. A large crowd turned out to see him off.

The Agricultural Committee decided to print the Grain Act and Grain Inspection Acts in pamphlet form.

NEWS OF THE WORLD

IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing With
the Day's Most Important Happenings

Winnipeg, July 27th.
Lord Dunsford has left for England.

Stanley Dillon won the M. & M. stake at Detroit.

A Canadian Northern switchman was killed at Fort William.

The first sod of the Eaton building will be turned today in Winnipeg.

It is expected that the Dominion House will prorogue next week.

In the Dominion chess tourney Champion Magnus Smith leads.

Express companies will not come under the control of the railway commission.

The C. P. R. Sudbury line will cost eight million dollars and will be practically level.

Two of the arbitrators in the Grand Trunk railway telegraphers' trouble have been selected.

The weekly crop bulletins of the Canadian Pacific Railway show continued promises of heavy yield.

All grades of refined sugar have been advanced five cents per hundred throughout Canada.

Public feeling in Britain is very determined in reference to the sinking of the Knight Commander.

The Dominion Educational Association held its opening meeting. J. H. Agnew, Dr. Goggin and Chancellor Garfield delivered addresses.

The Canadian cricketers are playing well at Chicago and they look like winners. They scored 107 runs for six wickets in the innings against the Wanderers.

The Dominion exhibition was formally opened. Hon. C. Sifton delivering the inaugural address. Other speakers were, Hon. Sidney Fisher, Premier Roblin, Sir William Van Horne, President William Mackenzie and President Gordon.

The Berlin Cigar company want to come to Edmonton stating they employ upwards of thirty-five hands permanently. The company seek assistance from the town. The finance committee will report on this matter.

A communication from P. O. M. P. dealt with the possible sitings of the railway commission at Edmonton. The council decided to inform Mr. Oliver that in their opinion it would be inadvisable to have a sitting of the commission at Edmonton at the present time.

A new problem confronted the city fathers, that of limiting the speed at which automobiles may travel on the streets of the town. The solicitor was instructed to draw up a by-law covering this.

The committee who has the matter in hand decided to grant the Great West Implement Company permission to build a covered archway joining their old and new warehouses. The council approved and acted on their report.

Another petition asked that Second, Third, Fourth, Fifth and Sixth streets between Columbia and Nelson avenues be brushed. This was referred to the engineer.

A petition having a large number of signatures asked for the construction of a sewer system along Fifth street west. The secretary was instructed to inform the petitioners that it would be absolutely impossible to do this until the west end trunk line sewer is put in.

Still another petition asked for the opening up of Second street in the Hudson Bay Reserve north of the C. N. R. station grounds. This again was referred to the engineer.

BY-LAWS.
By-law 273, the fire by-law, 274, the water and sewer service by-law, 275, license by-law, 276, extension of the waterworks by-law, were all given their second readings. The early closing by-law No. 277 was then discussed. This provided for the closing of stores, etc., at six-thirty o'clock each evening except before a holiday on Saturday evening. This by-law was given its first reading and then referred to the proper committee.

REPORTS.
A short discussion took place as to the proper time upon which to hold city's holiday. It was finally left to the discretion of the Mayor.

T. W. Lines, of the Edmonton Brewing and Malting Company asked what action the town would take towards supplying their brewery with water. On this topic the engineer reported that it would require an expenditure of about \$2500 to lay the pipe to the brewery. It was decided to inform Mr.

Lines in view of the construction of the west end sewerage system, which would come nearer the brewery, the council did not consider it advisable to install the pipe at present.

Quite a long discussion took place upon the advisability of insisting upon prompt payment of water dues to the town.

J. A. Powell's claim regarding the suit for damages on account of revenue from the water supply station being cut off was discussed. The council through a special committee, agreed to pay \$600.00 damages, one-half the cost of the arbitration proceedings, Powell to pay the other half himself. It was agreed to deduct from this \$600.00, the amount of back taxes due the town by the waterworks company.

Dan McCauley was awarded the contract for the moving of the old warehouse adjoining the hall.

It was decided to have plank laid between the tracks on the approaches to the bridge on the Edmonton Yukon & Pacific Railway. The grade on the north side, leading up to the bridge should be widened.

The secretary treasurer was instructed to warn the officials of the town that no verbal contracts made by them for sums of money over fifty dollars will hold good. All agreements must be in writing.

The following tenders were read for the erection of new city offices:

Gardner \$ 925.00
Neil Stewart 10475.00
Dalton 10400.00
Carter 11875.00
Woods & Goodenrich 11619.00
A. Young 9910.00
Connell & Spencer 11275.00
Manson 8785.00
Pursell & Foote 10500.00
Pomeroy 12520.48
Pheney & Balsome 8579.00
Jno. McCallan 10980.00
W. T. Hughes 9500.00
Smiles & Sons 10497.00
Fred Pichonson 10745.00

It was moved by Councillor Picard seconded by Councillor Fraser that the tender of W. H. Gardner be accepted. The buildings are to be completed not later than December 1st. Carried.

The following tenders for the installation of new weigh scales were read:

W. H. Gardner \$ 250.00
Jno. Sommerville & Sons 194.50
W. T. Hughes 250.00

It was decided to lay these tenders on the table until the next regular meeting of the council.

FINANCE REPORT.
The following accounts were ordered to be paid:

Pay sheet on waterworks \$ 248.00
W. G. Ibbotson 36.50
Jas. Huff 38.40
Pay sheet Bd. of Works 272.50
Edmonton Cartage Co. 29.00
Edmonton Fire Brigade 39.60
Electric Light 52.65
J. H. Raymond 40.00
Total amount voted 797.74

The council then adjourned.

The best workmen only and all work guaranteed.

THE CITY FATHERS

IN SESSION

Award Contract for New City Office
Buildings. Cigar Factory wants
to Come Here

The city council met for their weekly deliberations last night in the usual place. These present were Mayor Short and Councillors May, Cushing, Picard and Fraser. The minutes of the last meeting were read and adopted after a short amendment.

COMMUNICATIONS.
E. Grierson addressed the council on the question of procuring scales of larger capacity for use on the market square. The present scales although of nominally six-ton capacity, on many occasions would not weigh over four and a half or five tons. The length of the present scales is not sufficient. It was suggested that the present scales be moved to the power house and new scales installed on the market. The matter was finally referred to a committee consisting of E. Grierson, P. McNaughton and City Engineer McLean to bring in a report.

Mr. Schunk, city scavenger, stated that more refuse is being dumped in the nuisance grounds from outside the municipality than from within. The health and relief committee were instructed to have notices forbidding this posted in prominent places at the nuisance grounds.

The question of installing the new engine at the power house and the place it should occupy was discussed. Engineer McNaughton stated that in his opinion it would be advisable to place the new engine on the same foundation as the old smaller one. This recommendation was ordered to be carried out.

A short discussion took place on the necessity of commencing the council meetings sharp at eight o'clock. A motion was unanimously carried to this effect.

The Public School Board made a request for their grant, \$20,500. The letter was ordered to be typed.

Eighteen dollars and seventy five cents damages is demanded by the Vogel Meat and Packing Company for injuries sustained by their delivery wagon on owing to the caving in of a sewer connection on Jasper Avenue East. The matter was referred to the City Engineer and the City Solicitor.

D. A. Cannon asked permission of the council to paint the harbor's colors on the electric light pole at the southeast corner of Namsa and Jasper avenues. The request was granted.

RE PRICES OF HAY

Editor Bulletin:—It seems to me that something ought to be done to prevent a recurrence of the prevailing epidemic of bad prices that are ruling at present in Edmonton, I refer to the hay and pork market. The slump in the latter is no doubt due to the bad prices south, but the former is strictly a matter of concern between the buyer in Edmonton and the farmer who supplies him, or rather, who should do so. Now as to the facts of the case. These last two weeks hay has been a perfect drug on the market, scarcely any selling. Men have been on the market every night till next morning with their loads unable to sell and some of them for two days and two nights. What is the reason of this stagnation in prices? We are told that all the barns are filled with baled hay, imported from the south, and that they are overstocked with it. Their reason for having bought this was that the farmers demanded last fall and winter from fifteen to sixteen dollars per ton for their hay, and baled hay could be delivered in the barn for about eleven dollars per ton. The farmers, I will admit are certainly to a large extent to blame, but there was no combination. One man would ask \$15, so another, hearing of this, would do likewise, and hence the result. Who reaps the benefit of this baled hay transaction? The farmer in the first place certainly does not, the merchants are not benefitting by the poor trade being done, and lastly I do not think that those who have the said baled hay on hand now think very much of it, as I am told on good authority that several are offering their surplus stock for less than what it cost them. It must be a poor business to be feeding hay at \$11 when they could buy better now for \$5, which would be satisfactory to both parties, I think.

Now how can this state of affairs be prevented another time? Only by an understanding between ourselves and the buyers. Surely this ought to be accomplished without much difficulty. I have spoken with several prominent hay sellers, by prominent I mean men who have or will have large quantities of hay to sell, men on whom the town should depend for hay, and these few have informed me that as far as they are concerned they are perfectly agreeable to consent to the following proposition: If the bulk of the buyers will not import baled hay, but buy from their own market place, and depend on our own market for hay, they (the sellers) agree, when hay gets scarce later on, not to charge more than ten dollars per ton at any time of the year. Of course it is their privilege to buy as cheaply as possible. There is never any fear of any combination on the farmers' side. They just have to take what is offered and pay what is asked. The main thing now is to find out how many farmers, or sellers, will agree to this proposition. A form can be found in the market of office which can be signed, and by this means we can see how many will agree and I think every one will who has any quantity to sell. By the number of signatures the buyers will clearly see whether it is to their advantage to stick to the home article or not. The majority will no doubt take a lesson from this year's state of affairs and in future stay off the present wave of depression prevailing everywhere. We must not give the money that should be circulated in town, to utter strangers who are of no use to us, or to the progress of the town. Let those concerned take warning and see what can be done. We would like to hear a buyer's view of this question, but let those who have or will have hay to sell come to some understanding and these dull times will become things of the past. Thanking you for the space.

W. J. BELFRAGE.

Lessons From the Exhibition

Continued From Page Two.

other road stations on the grounds, one took sick and some others missed being placed owing to not being on hand when wanted.

In brood mare with foal by side class, first went to G. H. McNulty, and

second to Wm. R. West; the foals followed in the same order as their dams. The two-year-olds made a very strong section, six in number, G. T. Fraser and J. Grainger & Co. won in order named. The third placing was also a beauty, well worthy a prize. Two yearlings lined up; S. C. Scaman and J. Grainger & Co. being the owners. E. D. Grierson showed the only road team, a very fine pair of large bays. They had roadster gait and appearance, and carriage size. Three single drivers were shown, all good ones, D. C. Robertson's bay mare was awarded first. Mr. S. Feather got second.

Saddle Horses.—This was not a strong class in numbers, although the quality was very fair. J. B. Lubbock and Williamson Bros. were the winners in section over 15 hands. F. D. Webb won in pony section. Best saddle horse ridden by lady, C. Robert. T. A. Grosz won with a very fine mare in the gentleman's section.

The cattle exhibit was very good, especially the Bowness Shorthorns and Jas. Tough's Herefords. The latter herd had no opposition, yet the size, quality and finish of its individuals was such that keen competition would have been required ere many prizes would have been lost.

In the Bowness herd the judge found both the male and female champions of the breed, and in addition most of the wearers of first prizes failed from that noted western herd.

Bulls three years and over brought out five, all of them worthy herd leaders. John A. McPherson, Stony Plain, got first, with a very thick, deep smooth bull, Henry Hans, Gladys, followed, with a thick-chested, broad-backed, deep, level fellow, and Wm. Daly, Clover Bar, got third placing, with a smoothly-turned, mellow-handling rean, of good size. The latter bull was used by the contestants in the judging competition, and the cattle judge, John Bright, of Myrtle, Ont., scored this bull \$125, out of a possible hundred; nevertheless the champion was found not in this but another class.

Two-year-olds being called, three faced the judge, and Merry Champion (Imp.) bred by Dufkile, and owned by Hon. Wm. Beresford, of the Bowness Pure-bred Stock Farm, Calgary, received the red ribbon, and later the male championship. He is a low-set, thick, deep bull, naturally well fleshed, with a mellow hide, a good coat of hair, and is fleshed well down the thighs. Royal Edward—46977—owned by the same breeder, was placed second. He is a grand, thick bull, of true beef form and made a worthy second to the imported bull Wm. Golley, of Edmonton, got third. Thos. Daly, of Clover Bar, showed the only yearling. J. A. McPherson got first and second with bull calves, and T. D. Edgar, of Stratcona, third.

Cows four years and over was a very strong class, there being eight of good beef formation competing. The winner, Golden Princess 3rd, came from the Bowness herd. At Calgary last year she got second place. J. W. Sullivan, Gladys, got second, with a large red cow of good quality. T. D. Edgar got third, and J. P. Ottewill was highly commended. Cows three years old made a strong section. Henry Hans was first, T. E. Webb second, T. D. Edgar third, and J. A. McPherson highly commended. Five two-year-oldifers were shown, and the winner of first, Lady Marjory, later won the female championship. She was got by Royal Prince (Imp.), dam Lady Madge (Imp.), a Marr-bred cow. This two-year-old is owned by Mr. Beresford; she is a well-grown, thick, blocky heifer, of prime quality, and was conceded by the onlooking stock men as fully worthy of her position. The second prize two-year-old was found in the same herd. She is a thick, meaty heifer, of very desirable type. H. Hans got third placing on one, and another was highly commended. W. Beresford's Village Daisy, got by Royal Prince (Imp.) won first in yearling class; R. P. Ottewill got second, and R. P. Thompson third. In the calf section, J. A. McPherson, had an outstanding winner; P. Turner second and third, and R. P. Ottewill highly commended. In herd, bull and three females, Beresford was first, second going to J. A. McPherson, and third to H. Hans. For bull and two of his get, J. A. McPherson's entry, the same exhibitor winning for best Alberta-bred bull.

Hereford.—In this class Jas. Tough, Edmonton, won all prizes. His herd bull, Gladstone, is a grand animal, with great heart-girth, an excellent broad, well-covered back, and an excellent handler. Last year at Winnipeg, in strong competition, he won first in his class. Mr. Tough has a very fine

young bull, called New Year's Gift, also an excellent cow by Corroctor, named Choke Cherry. Delicata (Imp.), a two-year-old heifer, bred by J. Price, Penbridge, Eng., led in her class, and is worthy of special mention. Miss Blackstone, a yearling, and Bella, a calf, by Cock Robin (Imp.), are of the kind that rank among the top-notchers. Galloways.—In this class C. Potter, of Duagh, Alta., showed a very nice lot, and won all prizes except two. P. S. Mitchell got second with aged bull, and W. W. Wilkinson first in the cow section.

Jerseys.—In the prize catalogue it was stated that registration was not required in this class, which was by no means polite to the breeders of Island butter producers. Arthur Davies and C. M. Cameron won in order named, both having several excellent specimens of the breed, which Mr. Cameron had purchased at Denton's Farm, near Toronto. Gam of Denton's, first at Toronto last year, won second prize in the heifer class.

In long-wooled sheep, J. R. Thompson, of Calgary, had a very select number at the fair, and with them won all prizes. He had no competition.

In short-wooled, John Kennedy won in ram sections, and Geo. Middleton first with ewes, Williamson Bros. second; the last named winning with ewe lambs.

P. E. Taft and Ed. Furry each showed a very nice pen of goats.

In Berkshire hogs, one year or over, first went to Thos. Daly. In sow, first was won by W. P. Wilkinson, and second by T. Swift. This brood sow was a long, smooth pig, and her litter a choice even lot.

In Poland-Chinas, Jas. Tough was the only exhibitor.

Yorkshires.—P. Berube won two firsts and Jas. Tough one first and two seconds.

Tamworths.—F. C. Scaman showed a good lot of Tamworths, but had no opposition.

For fat pig, not less than 500 lbs., first went to Alf. Hutchings.

For pen of three pure-bred bacon hogs, F. C. Scaman got first, second going to Jas. Tough.

A very good showing of vegetables, grains, grasses and poultry were on exhibition.

Can't Sleep?

Here's a prescription that never fails to bring sound, refreshing sleep: Every morning, before breakfast, take a foaming glass of ABBEYS SALT. Take it faithfully—give it a fair chance—and it won't be long before you "sleep like a babe" and feel "a hundred per cent. better" in every way.

Abbey's, being a granular salt, contains no alcohol; liquid preparations may.

Druggists, everywhere, sell it. 25c. and 60c. a bottle.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 16, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less. ENTRY.—Entry may be made per district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following upon cultivation of the land in each year during the term of three years:

(1) At least six months' residence years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act as to residence may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land. The term "vicinity" used above is

meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must pay \$10.00 to the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior.

N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

Going for Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Don't put yourself in this man's place, but keep a bottle of this remedy in your home. There is nothing so good for Colic, Cholera, Morsus, Dysentery and Diarrhoea. It is equally valuable for Summer Complaint and Cholera Infantum and has saved the lives of many children than any other medicine in use. When reduced with water and sweetened it is pleasant to take.

You, or some one of your family, are sure to need this remedy sooner or later and when that time comes you will need it badly; you will need it quickly. Why not buy it now and be prepared for such an emergency? Price, 35 cents.

Two in One
SHOE POLISH

First came the old fashioned liquid polish, that blacked shoes without shining them. The bottle-and-box combination was an improvement, but meant too much hard work.

"2 In 1" is the perfection of shoe polishes. It's a Paste that embraces the good points of all other polishes, with none of their faults. One application—one rubbing—and the shoes are shined. It's made of pure oils, that preserve the leather. Contains no acids or turpentine.

IN 10c AND 25c BOXES, AND 15c TUBES. AT ALL DEALERS.

Revillon Brothers LIMITED

LOCAL

—Train on time.

—Edmonton merchants intend closing their stores on the afternoon of August 10th, to permit of attending Strathcona exhibition.

—Jasper Lodge, No. 6, Knights of Pythias, will hold a memorial service in Hounston's Hall on Thursday evening, July 28th, at 8.30 o'clock.

—The C. P. R. have attached a parlor car to the regular passenger trains on the Calgary and Edmonton line. The service commenced yesterday.

—Tenders are being called for the erection of officers' quarters on the police reserve, Edmonton. Plans and specifications can be seen at the barracks.

—The funeral of Miss McLay, daughter of Alex McLay, Horse Hills, took place this morning from the residence of Mrs. Douglas Petrie to the Edmonton cemetery.

—Lacombé Globe: A prosperous farmer in the Ponoka district put 1000 boxes of strawberries on the market this season. This goes to show that late strawberries can be grown here at comparatively low cost.

—Extensive preparations are being made for the banquet which will be tendered Frank Oliver, M.P., in this rink on the evening of August 19. Prominent speakers from the east will be present.

—H. J. P. Good, sporting editor of the Toronto World has denied the accuracy of the interview with the Winnipeg Telegram in which it was stated that western horses were not up to the standard.

—Trains are being unloaded by the C. N.R. across the river for the purpose, it is thought, of laying a short spur from the E. Y. & P. line to the river bank. This spur will be used for the carrying to the bank of large quantities of pile and bridge timber for the C.N.R. bridge to be constructed at Battledore.

—Lacombé Globe: The first meeting of the Red Deer Presbytery—an offshoot from the Edmonton Presbytery—was held in Red Deer church on Wednesday, July 20th. The new Presbytery, extending from Wetaskiwin to Oilsa and comprising twenty fields. The following appointments were made:—Rev. M. White, Lacombé, convener of Home Mission and Augmentation committees; Rev. J. Haskie, Bowden, clerk of Presbytery; and Rev. J. E. Hogg, Wetaskiwin, moderator for this year.

—Herald: The Ods robber, who dynamited the post office safe last week, has not been captured, but the mounted police are chasing a suspicious character who left Ods the night of the crime. He caught a train and got nearly to Calgary. He is now south of the main line, having left the railroad near Gleichen. This is the only man now suspected and the police are hot on the fugitive's trail.

—D. McTavish got away yesterday for Battledore with his two cows. He was accompanied by A. B. Cushing and C. W. Mathers. Mr. Mathers took along his photographic appliances and intends going right through to Battledore. He will take views along the river both going down and returning. There were about a dozen other passengers on the cows and a large quantity of supplies and provisions as well as six teams of horses.

PERSONAL

Jas. A. Alley, of Charlottetown arrived in the city last night on a visit to the son of the staff of the Bank of Nova Scotia.

Herald: Mrs. J. R. Hayes and family, from Ottawa, went to Edmonton this morning to join Mr. Hayes who is farming there.

Vancouver Daily Province: Mr. Maxwell Smith, Fruit Inspector, will leave for Winnipeg next week. On the way he will visit Calgary and Edmonton, and will arrive in the Prairie City on August 2. He is going east to confer with principals of his department who are coming west from Ottawa.

Vancouver Daily Province: Mr. W. M. Hill, accountant for the Brackman-Ker Milling Company at Strathcona, is in the city, and will spend a couple of weeks on the coast. He is accompanied by Mrs. Hill. He states that over 100 residents of Alberta intend visiting Vancouver this summer, the cheap rate secured by the Tourist Association having encouraged them to make the trip.

STRATHCONA WINS

A special train carrying the Strathcona baseball team and a considerable

number of enthusiasts from the twin cities left at six thirty o'clock last night for Leduc to play a game with the baseball team of that village. This was the return match, for a week ago the Leduc team visited Strathcona and received a crushing defeat. Last night's game, although Strathcona's from start to finish, was not so one-sided and consequently much more interesting.

The boys from the north won out by a score of 11 to 5. The score by innings was:

Strathcona.—1 1 1 4 1 3—11.

Leduc.—0 2 0 3 0 0—5.

Jackson, Strathcona, umpired the game.

Testing Police Powers

Calgary Herald:

A case is being tried at Lethbridge that may have considerable bearing upon the relation of the mounted police to suspects in future. Charles Dunn came into Canada from Montana. He was charged there with having abused a half-breed girl. The authorities asked that he be arrested and held for extradition. The mounted police acted promptly. Dunn was in jail some time before it developed that the offence was not covered by the extradition treaty between the two countries. Now he sues Superintendent Beggs and Constable Goodwin, of the Lethbridge force for \$5,000 for false imprisonment. The government accepts full responsibility for the act of the officers, so the issue is well defined.

The sooner the extradition law is amended to cover a variety of offences not now included the sooner order will prevail along the border. Canada don't want any citizens that come across the line urged on by a sheriff's posse, and the chances are that the Yankees reciprocate this sentiment. The rule of action should be simple enough to cover the most trifling case.
